The point is to explore all of the jazz-connected dances, to better understand the Jazz & Swing world and get new skills !

You need to **PRE-REGISTER** to secure your spot. More details are on the spreadsheet itself (click on the link !).

JAZZ EXPLORATION CLASSES

These classes are to explore and dig into Jazz (connected dances, roots, history...)
These classes are **ALL LEVELS**.

You can pick **1 class** (included in your FULL PASS) to attend over the week-end.

Remember to [pre-register](#) for JE classes !

TAP DANCE (T.J. JAZZ)

Tap is the direct sibling of swing dancing, coming from the same era, the same population (black american folks) and the same roots.
One could say you cannot dance solo jazz or lindy hop without having tap dance basics !
Dive into a world of history and rhythms with TJ !

HIP HOP (Aminata Crazystyle)

We always hear «hip hop comes from jazz»... Explore the true philogeny between the dances, the common steps and ideas and get your jazz «reverse-inspired»!

VOGUEING OLD WAY (Caroline Milan & Nikki Gucci)

Vogueing is more than just a dance; it's a cultural movement rooted in self-affirmation and resilience. And what better way to explore its rich legacy than through a workshop bridging Vogue & Jazz, two art forms deeply connected to Black and LGBTQ+ communities?

AFRO CUBAN (Manolo Carlos)

Take a moment to embrace the latin sides of the Jazz world. Move parts of your body that you might not even know, explore cuban rhythms and get new feelings, to be able to broaden your range of expression ! Latin Jazz is such a big part of Jazz music !
